

Halma/Halm

STRAW DISPENSERS AND STRAW RACKS

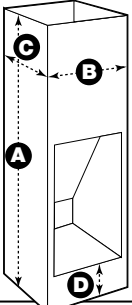

The Domino Halma line meets any request and requirement that all the pigs of the pen, from piglets to sows, must have a natural grubbing material. Straw in the pens prevents stress and improves the pigs' digestion.

The Halma line includes for instance a straw rack for areas with solid floors, a straw rack with a floor plate for slatted floor areas, and a straw dispenser with a trough. The Straw racks are available with adjustable bars. Good animal welfare provides the basis for efficient pig production.

The Domino Halma line is also noted for the following:

- Strong materials, PE plastics and stainless steel
- No sharp edges that can harm the animals
- Easy to clean
- Supplied fully assembled and ready for installation
